Mid-Year Budget Review The council was given the 2019 budget for review to start the 2020 process. A question was asked about the change in the Minkler budget, it is up from last year. The new wiring would account for the difference in the 2 amounts.

Correspondence: Gary Lohman

Unfinished Business: Gary is going to ask for a variance regarding his property off Prevedell Rd. Because the "stream" that runs parallel with his property is not fish bearing and is only a drainage channel that goes under SR20, he would like a 25ft buffer instead of the 50 ft buffer. The council needs to have Gary draw out his site plan and let them see exactly what he would need.

Mike S wants to get the new speed signs up. He wants to know where the signs should go.

Cheryl Wicks is present and would like to know what is going to be done about some shrubs that were dumped in the slough. She also voiced her opinion on the right of way trimming. She said she had a "living fence" and didn't want it cut. The Mayor reminded her of the 28 ft right of way the town has to keep maintained.

Greg Hall will give the concrete for the slab the Niche wall we sit on after it is moved to the town at cost.

Mike S made a motion to adjourn. Jeremy M 2nd. the motion passed with a.i.f
